

MedLife Diagnostics offers mobile diagnostic imaging services. Our Diagnostic Imaging services include Portable X Ray/ EKG/ General Ultrasound /Cardiac Ultrasound and Vascular Ultrasound. Reliance Imaging purchased Lost Pines Mobile imaging, a Portable X-Ray supplier in 2013.

We provide high quality service to our patients utilizing experienced technologists and advanced digital equipment. We can provide portable diagnostic services for home bound patients, assisted living facilities, physician offices and nursing homes.

We have a very quick turnaround time. Results are available within minutes for all positive studies and 24-48 hours for all routine exams.

Mobile X-Ray

- Mobile X-Ray services are provided by MedLife Diagnostics.
- All portable X-Rays are digital and use Rapid Radiology systems to produce high quality image.
